**BAÑAR MIEN (Of Time And The Sea)** es una pelcula sobre la estasis y el cambio lento. Un rey lisiado cuyo reino se ha desmoronado, vive en un remoto rincn de una isla llamada First, tras una extraa enfermedad con sus dos hijas. El Rey obliga a su hija menor a trabajar incansablemente, construyendo paredes de escombros en extraas configuraciones de tipo megaltico en un febril intento de evitar el regreso del virus.

**BAÑAR MIEN (Of Time And The Sea)** is a film about a stasis and slow change. A crippled king whose kingdom has crumbled, lives in a remote corner of an island called First in the wake of a bizarre malady with his two daughters. The King forces his younger daughter to work tirelessly, building rubble walls in strange megalithic-type configurations in a feverish attempt to stave off a return of the virus.
